CURRICULUM

HISTORY OF DOG TRAINING

The course will cover:

- A look at the evolution of dog training methods through the ages.
- An interesting aspect on what methods were used to train dogs, why they changed over time, how the old, harsh methods have given way to the newer reward based methods prevalent today.
- An understanding of canine ethology
- The process of domestication and its effect on dog training through the ages.
- Understanding canine cognition and its applications in dog training and behaviour.

UNDERSTANDING TRAINING

A deep insight into how an animal learns.
Will include detailed theory and practical sessions.

Different methods of teaching an animal

The course will discuss the various training methods in use today to train dogs and why different methods work with different dogs. Handling and training of aggressive and timid dogs will be discussed.

Clicker training, whistle training and the pros and cons of other training tools will be discussed.

Common myths about dog training will be discussed.

Rewards and Punishers

The course will cover this extensive topic and discuss the use of lures, bribes, fixed and random rewards, positive and negative reinforcement and their application in training.

Body language of Dogs

The students will learn the fascinating language that dogs speak and how to communicate with dogs. This will teach them how to communicate with another species without the use of force and how to recognise the signs of stress in a dog.

Breeds and their influence on training

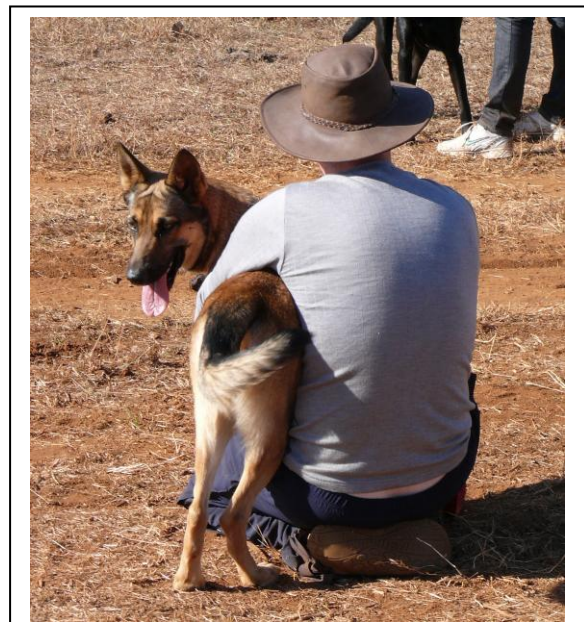

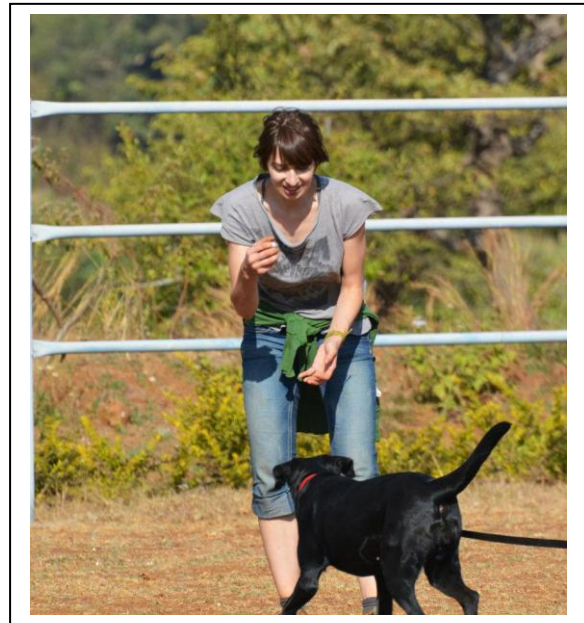

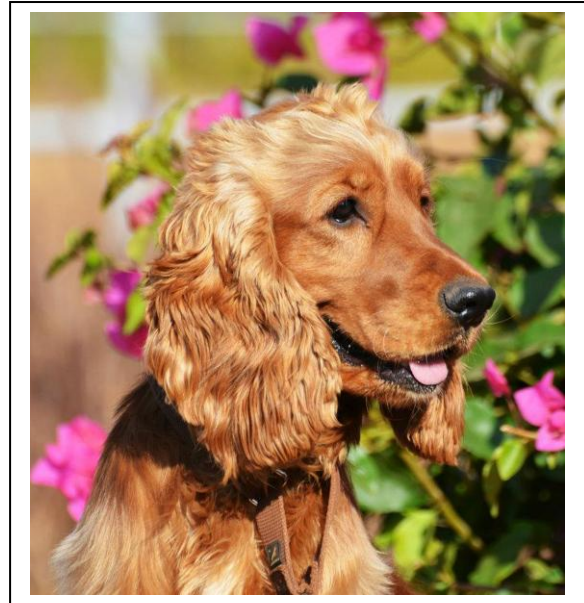

The course will discuss in depth the internationally recognised breed groups and the breed characteristics that influence training and behaviour in a dog. It will include information on how to adapt training to the different breeds and why. It will discuss original breeding purposes and how they affect the training of the modern dog.

PET DOG OBEDIENCE

Students will learn how to train basic commands using a variety of methods.

Commands will include skills crucial for pet dogs-

- Sit, down, stay, leash walking, recall, retrieve, polite greetings, 'No' command, food refusal.
- Problem solving for all the commands will be discussed in detail.
- Students will learn to teach pet owners how to train their own dog.
- The nuances of working with puppies and adult dogs will be discussed.
- Why it is necessary to use different training methods on different dogs.

- Tackling the financial aspect
- Publicity and marketing in a competitive environment
- Setting up your own business
- Liaising professionally with other pet businesses
- Social media marketing
- Presenting yourself professionally-creating a brand

YOUR TEACHER...

'Canines Can Care' is the only canine organisation of its kind in India. The organisation has pioneered not only the concept of Assistance Dogs in the country, but also the concept of Search and Rescue Dogs. In fact, the 'Canines Can Care' search dog team was the only one representing India in the aftermath of the Gujarat earthquake. Besides the above, "Canines Can Care" also

conducts dog training courses for pet owners, offers behavioural advice for problem dogs, holds agility training sessions, runs courses on canine behaviour and is involved in pioneering many more dog related activities all over the country.

The founder of "Canines Can Care" – Shirin Merchant, will conduct the course.

She has been working in the field of canine behaviour and training from 1995 in India and is responsible for pioneering canine behaviour counselling, canine courses and canine educational events across India.

She is the only person in Asia to have an international accreditation from the Kennel Club of England's, Accredited Instructor scheme – the KCAI in Companion Animal training and in Behavioural Training. **The behavioural training accreditation makes her one of 9 people in the world who have achieved it.**

In 2015, Shirin was awarded the International Commendation for Trainer of the Year award by the Kennel Club of England's KCAI scheme at the Cruft's Dog Show in England.

In 2016, Shirin was invited to lecture at the Association of Professional Pet Dog Trainers (APDT) conference in Las Vegas. She is the first Indian to have been invited by this prestigious body to present at the conference.

In 2017, Shirin was invited to present at TEDx Gitam University.

In 2018, Shirin was awarded The First Ladies award and felicitated for being a pioneer in her field by The President of India at the Rashtrapati Bhavan.

Over the past 23 years, Shirin Merchant has trained over two thousand dogs with breeds ranging from the feisty Pomeranian to the shy Samoyed. She is in great demand with most of India's dog owners with problems regarding their pets. The problems have ranged from dominance, housetraining, chewing, aggression and destruction to boredom and compulsive behaviours.

All through the years, Shirin has worked hard to change the concept of dog training in India.

FAQS

Answers to commonly asked questions...

I am not a resident of Mumbai. Where can I stay in Mumbai, do you help with accommodation?

The course is held in Dadar- a centrally located place in Mumbai. We can make suggestions based on your budget, though if you have family or friends, we advice staying with them. There are plenty of accommodation options you can find online. Do look up www.airbnb.com as well for some budget friendly places to stay. You do not need to stay in Dadar. You can stay anywhere in Mumbai and travel to the venue. Public transport in Mumbai is easily available and reasonably priced.

Do I have to be in Mumbai for a period of 16 weeks?

No, you only need to be present for the 2nd module of 2 weeks in Mumbai. The 1st and 3rd module can be completed from your home. This extensive online learning has been made available so that people who are not residents of Mumbai can still avail of this course.

Will Shirin Merchant introduce us to other people related to this field after the completion of our course?

Yes, on completion of this course, the student gets added to the wide network of Canines Can Care trainers and other professionals.

On completion of the course, do you guarantee training jobs for me?

We do not guarantee training jobs to students on completion of the course. We do teach students how to handle the business aspect of the course and how to promote and market themselves on the course. Students will be required to find their own work on completion of the course.

Can I work with Shirin Merchant and learn under her?

Shirin Merchant does not have the facility to take on interns.

How do I go about the registration and payment?

To register for the course please send an email to k9cancare@hotmail.com requesting for the application form.

How late can I register for a course?

We encourage you to register as soon as possible so as to avoid disappointment. We take in limited number of students per course on a first come first serve basis.

Does the course run Monday to Saturday for the 4 months?

Yes, the course runs continuously .

For the 3rd module of practical training, where will I find dogs? Do you provide them?

The 3rd module can be completed from the student's own home town. We do not provide dogs. We encourage students to promote themselves and find clients. Alternatively, they can work with local shelter dogs or friends' dogs.

Am I guaranteed a certificate after this course?

Only students who complete the entire 16 weeks and send in their full homework will be given a certificate of successful completion. **Students who do not complete the entire course or send in work will not be given a certificate.**

The work includes questions to be answered, practical work to be carried out and videoed, research to be done and lots of studying.

Please note this course is very rigorous and requires effort from the student.

You have to work hard to earn your certificate.

If you have any further questions, we will be happy to answer them. Please do contact us at the details given below.
